

KENYA & TANZANIA MIGRATION SAFARI FEBRUARY 2021

ONCE YOU'VE BEEN A PART OF AFRICA, IT BECOMES A PART OF YOU

Minimum 8 Maximum 16 Guests

See elephants galore at the foot of Mt. Kilimanjaro, marvel at the landscapes in the Ngorongoro Crater and Oldupai Gorge and top it all off with 3 nights in the southern Serengeti National Park where we will experience the amazing wildebeest migration with their new babies!

This is classic Africa with luxurious accommodation, interesting cultures, incredible landscapes & abundant wildlife!

February 7/8, 2021: Travel from North America to Nairobi, Kenya via Europe. Optional stopover is a great idea to get over some jet lag! We are happy to book flights for you!

February 8 - Nairobi Kenya (3 nights):

Arrive Nairobi in the evening, you will be met and transferred to the Stanley Hotel in Nairobi on a B&B basis. Time for a good night's rest!

February 9: After a hearty breakfast in the Thorntree Café we are off to visit Giraffe Centre to meet the lovely Rothschild's Giraffes. Next, we will visit the Kazuri Bead Workshop and see how these traded beads and pottery are crafted. Lunch & dinner on your own account. B

February 10: Today we make a very special visit to Daphne Sheldrick's Elephant Orphanage where you will meet some orphaned babyelephants and you can make a difference and even adopt one – but you can't bring it along on safari! B

February 11 - Amboseli National Park, Kenya (2 nights):

We depart south with Mount Kilimanjaro looming to the east.

Along the way we stop at the AIC Kajjado Girls School to spend some time with some special students. Kajjado School has over 700 students but there are 120 girls that have been rescued from forced marriage or orphaned that will steal your heart! We will have time to visit with the girls before stopping for a picnic lunch. We continue to Amboseli National Park and our beautiful lodge, game driving along the way. Arrive in time for a yummy dinner! B,L,D

February 12: The day consists of an early morning and late afternoon game drive exploring Amboseli National Park. Although this is one of the smallest parks in Kenya it has a high population of elephants. Some great lion sightings have been made here too! B,L,D

February 13 - Lake Manyara (2 nights): Say goodbye to Kenya as we head to the Namanga border to cross into Tanzania. Meet your Tanzania guides and head west to Lake Manyara watching the landscape change before your very eyes! Enjoy the colorful people you will meet along the way – especially the Maasai in their brightly colored kangas. Arrive at your luxurious lodge on the edge of the escarpment overlooking the Rift Valley in time for dinner and stargazing! B,L,D

February 14: Depart the lodge after a hearty breakfast and head down into the valley for a close look at Lake Manyara National Park. This park has a very high elephant population. This is also a great park to see large numbers of giraffe, buffalo, and primates too, in fact, you should have a good sighting of Sykes Monkeys as well as Baboon and Vervet Monkeys. Lunch will be picnic style with a beautiful view of the lake. Return to the lodge for dinner. B,L,D

February 15 - Ngorongoro Crater (2 nights):

After breakfast, we continue our journey west to the world famous Ngorongoro Crater - one of the most unique wildlife viewing spectacles in Africa. Our lodge is built into the dormant volcano with the plant and ivy-covered native stone blending with its surroundings. After lunch at the lodge, we're off to visit a Maasai Village. Ask many questions and take many pictures of these colorful & gentle people, they are eager to share their culture. Return to lodge for dinner & overnight. B,L,D

February 16: An early departure as we head down in the crater itself. The crater has a great diversity of ecosystems including a savanna and forest area. There is a constant source of water and food for the antelope and zebra so there is no need to migrate. This is also a prolific region to see prides of lion as well. Often there will be a breeding pair and you can watch the interactions between the handsome black-maned males

and golden tawny females. If we are very lucky, we will be privileged to see Black Rhino - we will surely be looking! Lunch will be picnic style while watching hippos spouting and snorting. Once back at the lodge, watch another incredible sunset from your lodge above the crater, then a delicious dinner and off to bed to get ready for tomorrow! B,L,D

February 17 – Southern Serengeti Ndotu, Tanzania (3 nights):

On to the southern section of Serengeti National Park, home to some of the most incredible wildlife and scenery. This is where thousands of wildebeest, zebra and gazelles congregate and the wildebeest begin the huge task of birthing and raising their young. At this time of year, Lake Ndotu Luxury Tented Lodge is the perfect place to be... in the middle of the amazing migration. Lake Ndotu Luxury Tented Lodge is an amazing tented lodge with all the comforts – ensuite washrooms with hot & cold running water for the indoor & outdoor showers, flush toilets, cozy queen beds, sitting area and deck all with African inspired decorations. Luxury with canvas walls to hear the sounds of the African bush. B,L,D

February 18 & 19: The next 2 days we will game drive looking for all the wildlife you have longed to see – elephant, giraffe, zebra, buffalo and of course the cats – lion, cheetah and the elusive leopard. The bird life is phenomenal and there are lots of opportunities to give your binoculars a good work out! If you like, you will even have a chance to go for a nature walk with a park ranger. Enjoy all meals at the camp. B,L,D

**Optional Hot Air Balloon Safari
\$500 USD Per Person.

About Your Destination Specialist/Tour Leader - Carol Petersen

Nature Encounters Tours & Travel owner, Carol Petersen, is an avid wildlife photographer and advocate for conservation! Her first safari to Africa was in 1990 and since then has led over 90 safaris to Zimbabwe, Botswana, Zambia, Namibia, South Africa, Madagascar, Uganda, Rwanda, Democratic Republic of Congo, Kenya, Tanzania, Egypt, Ecuador & Galapagos, India as well as Danube/Rhine/Mekong River Cruises, Antarctica & Baltic Ocean Cruises.

The quote "Once you've been a part of Africa, it becomes a part of you" best describes Carol's love for this special part of the world. Whether it be canoeing down the Zambezi River within a few feet of a 5-ton bull elephant, capturing some precious moments with a family of wild gorillas, watching a pair of blue-footed booby's do their magical courting dance or following the alarm calls of Langur Monkey's in hopes of finding the very endangered Bengal Tiger.... that is Carol's idea of spending quality time.

Carol walks the talk by contributing to conservation groups such as The Friends of the Galapagos, Sheldrick Wildlife Trust, Victoria Falls Anti-Poaching Unit and Wildlife SOS in India to name a few. Her keen interest in our environment, endangered species and the enhancement of the ecosystems of our planet is a never-ending endeavor. In her dedication to preserving wild spaces, she encourages travelers to walk lightly and appreciate these special places.

You will always see Carol engaging with the people she meets on her travels, developing strong relationships – some 30 years in the making! She has a great love for her "ground" teams. Supporting schools on her travels is very important with the Bride Rescue Program at Kajiado Girls School in Kenya being a special project. She is very proud to have been chosen for a "Woman of Vision" award for her conservation efforts – an honor bestowed to 12 women per year by a Calgary television station.

Carol invites you on one of her groups for a worry-free vacation (she does it all!) or contact her for non-group travel as well! Email: carol@natureencounterstours.com

About Nature Encounters Tours & Travel Ltd.

Welcome to Nature Encounters Tours & Travel! Owner Carol Petersen has been travelling to Africa since 1990 and led over 90 safaris to Africa, India & the Galapagos Islands! She has incredible knowledge of where to... when to... and how to... and passion for the places she visits. Her experience and that of the local guides, is matched by a personalized service that keeps Nature Encounters Tours guests returning to travel with us year after year. From the moment you inquire about a location – we are dedicated to ensuring your trip is memorable.

On safari, you can experience everything from watching a lioness care for her young in the hollow of an old tree to having a magnificent five-ton elephant display his enormous ears and mock charge your vehicle . . . or lay on a sandy beach that goes on for miles and miles while listening to the sound of the Indian Ocean. Your accommodation and meals, in either lodges or tented camps, range from truly comfortable to absolutely luxurious. Backpacking was never like this! Swimming pools, gardens and the fragrance of wild basil will surround you as your binoculars scout the magnificent scenery for cheetah, elephant, zebra, lilac breasted rollers, hyena, and tawny eagles to name a few. Your game activities can include driving in national parks watching for wildlife along the way, walking with an experienced guide looking for all the little things you may have missed by driving, and boating or canoeing – enjoying some of the most incredible rivers and lakes.

Ecotourism is an important part of the Nature Encounters Tours & Travel experience. Our guests are happy to contribute to a sustainable industry where the local people, as well as the wildlife, benefit from their visit. We support villages and schools such as the A.I.C. Girls' School in Kajiado, Kenya and conservation groups that are near and dear to us - the Painted Dog Conservation Project, Tikki Hywood Trust, Victoria Falls Anti-Poaching Unit, The Serengeti Lion Research Project, Wildlife SOS in India and Friends of the Galapagos to name a few. We do indeed walk the talk . . .

Our goal is to give our guests an experience they won't ever forget – from dancing with the Maasai in East Africa to enjoying watching the antics of a pair of polar bears enjoy a tussle in the snow to photographing and observing the many species that live in our great world.

Join us for the vacation of a lifetime!
